

KNOW BEFORE YOU GO

Thank you for choosing **Ski Country Resorts** for your Breckenridge vacation needs! We are looking forward to your upcoming arrival. Before you arrive, we would like you to be aware of some helpful tips that will make your stay more enjoyable. Please read the tips & hints below and feel free to call or email us with **any** questions !

Climate

Proper Clothing. It is important to take plenty of layers to wear when you ski, and all your regular ski apparel. The general vibe in Breckenridge is pretty relaxed, so in terms of evening and after-ski wear you can pretty much get away with anything.

Average Temperatures :

	High	Low
November	41	10
December	34	3
January	32	0
February	35	2
March	34	8
April	48	17

Sun & Sunburn. Because of thinner atmosphere and reflection from the snow, you can sunburn much more easily than most people think. Breckenridge sits at 9600 feet and the sun is 40% stronger. Be sure to protect your face and lips with appropriate sunscreen and protect your eyes with sunglasses or goggles.

Altitude Sickness. If you are visiting from a lower elevation, you might experience some sort of altitude sickness. Stay properly hydrated. Avoid tobacco and alcohol and other depressant drugs during acclimation, which can also lead to dehydration. Light activity during the day is better than sleeping as respiration decreases during sleep, exacerbating Altitude Sickness symptoms.

Your Rental Unit

Telephone. Not all units managed by Ski Country Resorts are equipped with a land line phone. Please remember to bring your cell phone if you will need to make or receive calls.

Supplies. An initial supply of toilet paper, Kleenex, dish detergent, soap, garbage bags, paper towels, salt and pepper will be provided for you. There is a local grocery store for anything else you may need.

Parking. Please be aware that parking in Breckenridge is limited - most condominium complexes only allow one vehicle per unit. Offsite parking is available for a \$5 per day fee.

What Sets Us Apart From The Rest!

Most Ski Country Properties are within walking distance of historic Main Street and the Slopes. However, Breckenridge does offer daily skier parking ranging from \$5-\$20 per day. In addition, the majority of Breckenridge neighborhoods are serviced by the Free Ride Transportation System. Keep in mind that Ski Country Resorts also offers an exclusive **Courtesy Shuttle** to our guests that operates daily from 8:00am to 10:00pm (during peak season).

Lift Tickets & Ski/Board Rentals

Pre-purchase your lift tickets at least **7 days** prior to your arrival to receive a discount. Ski Country Resorts does offer our valued guests discounts on 3 & 4 Day Lift Tickets. An added benefit to pre-purchasing is the ability to skip the ticket window and go straight to the lifts.

Christy Sports offers Ski Country lodging guests a **20% discount** on Ski & Snowboard rentals. Simply show your room key and mention you are a guest of Ski Country! Call 877-754-7627 or visit them at our shared check-in location.

Winter Driving Conditions

Breckenridge is located two hours from the Denver International Airport with easy access from **I-70**. If driving, it is recommended to avoid Peak Travel Times and check road conditions/traffic before you travel. Ski Country Resorts can help with **discount rental car** rates, simply call or email us for details.

If you choose to forego winter driving conditions, Ski Country is also happy to help arrange **discount shared or private airport transportation**.
